## **Then There Were Three-- Bennett Lobster and Seafood Closes**

After 2 years in business, Bill and Nancy Bennett and family have announced the closing of their Park St. fish market.

In a letter of appreciation to customers this week, the Bennett family said "Billy" decided to remain a fisherman - "the way of life he has always loved," rather than run the market full time and give up lobstering following the departure of one of their valued colleagues, who left to accept a job with one of their suppliers.

The Bennetts will continue to run their wholesale lobster and shellfish business from the Park St. facility.

With the recent addition of the new Snug Harbor Fish Company next to Sweetser's, Duxbury held the unique distinction of having 4 local fish markets serving the town with high quality seafood market items.

Other markets serving local customers here include Don Merry's Back River Fish Market on Railroad Ave. and Mullaney's Fish Market at the Duxbury Crossroads.
